Dear Lafayette College Employee:

We are pleased to offer you enrollment in a voluntary Optical Vision Plan ("Opti-vision") for Lafayette College employees. Opti-Vision is administered by National Vision Administrators, L.L.C. (NVA). We would also like to take this opportunity to review the features of the Opti-Vision program.

The cost to enroll for 2017 will be **\$6.60 per family**.

Under the Opti-Vision program, you will receive up to 50% off retail prices for eye care services when utilizing an NVA provider of eye care. The identification card you will receive may be used by family members as often as necessary throughout the year. You will pay the provider directly when obtaining services. There are no forms for you to file and no reimbursement to be obtained from NVA. Simply present your identification card to the participating provider and obtain services according to the predetermined schedule of benefits.

The Opti-Vision plan will offer you substantial savings on the amounts you are currently paying for eye care. The enclosed brochure describes the benefits you will receive, and includes an enrollment form and a postage paid envelope for your convenience. **Simply fill out the form and return it with a check made payable to "National Vision Administrators"**. If you are a new enrollee, you will soon receive your new NVA Opti-Vision identification card. Otherwise, please continue to use the NVA Vision card that you currently have.

If you have any questions or require additional information, please feel free to contact NVA's Customer Service line at 1-800-672-7723.

Sincerely,

Client Services
National Vision Administrators, L.L.C.
