

# KNOW WHERE TO GO

## Pay Much Less at Independent Labs and Imaging Centers

Hospitals are by far the most expensive locations for outpatient diagnostic services. Get the same quality of care and pay much less when you choose a non-hospital setting such as an independent lab and freestanding imaging center.

This shows an example of how you may save at a non-hospital setting:

### Outpatient Diagnostic Services

#### Advanced Imaging

(MRI, CT, PET scans, etc.)

Choose freestanding imaging centers to save

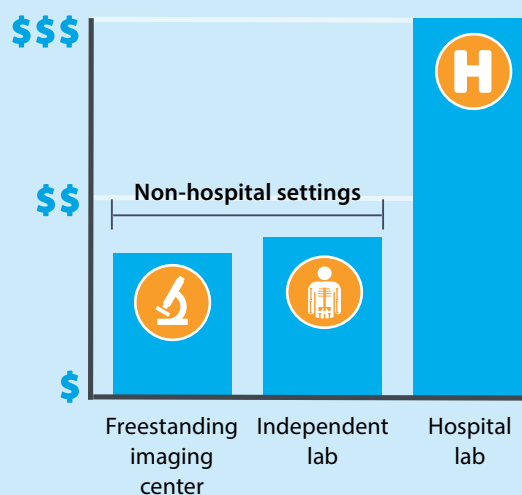

#### Basic Diagnostic Services

(X-rays, ultrasounds, blood tests, allergy and other lab/pathology tests)

Choose independent labs to save

You'll generally pay much less when you choose an in-network, non-hospital setting.

### Find a Non-Hospital Lab/Imaging Center

When your doctor orders blood tests or imaging services, you can choose where to get those services. You'll generally pay much less when you choose an in-network, non-hospital setting:

- Log in to your member website at [highmarkblueshield.com](https://highmarkblueshield.com). Click on **Find a Doctor**. In the search box, type in the service you need.
- If you have any questions, call the Member Service number on your member ID card.
