

If you are approaching age 65 or retirement (or have a loved one who is), you may have questions about Medicare. During the next few months, you will also see several Medicare commercials which may cause additional confusion.

We know this is a concern for many, so we wanted to provide you access to a one (1) hour Medicare Educational Webinar. Please feel free to register for yourself, or share with family and friends. There is no cost for this Webinar. We hope that if you are concerned about what your upcoming 65th birthday and/or retirement means for your transition into Medicare, that you take the time to attend one of these valuable sessions.
