

Introducing MyCare Finder and MyCare Rewards

Our new MyCare Finder offers best-in-class technology to connect members to tools they need to find doctors, facilities, services, savings, and more. These tools will empower your employees to make smart healthcare choices that will have a big effect on their medical spend and your bottom line.

MyCare Finder

Finding a doctor just got easier. Members can search by quality, cost, and location to find the right care, at the right time, at the right location. They also can check out authenticated member reviews.

Compare Costs

Personalized price-comparison tools, including comprehensive recovery timelines and total costs of care for hundreds of services, will empower your employees to shop for the best value for their healthcare services.

MyCare Rewards

Add this new feature, that integrates fully into MyCare Finder, and reward your employees for choosing care from cost-efficient providers. The program helps to reduce your overall healthcare spend and supports a more engaged and informed workforce.

Get Support

You will receive expert guidance and tools to optimize savings and promote your rewards program. Analytics and reports are available to measure results and support ongoing optimization throughout the year. Get a holistic understanding of your organization's healthcare shopping and decision-making journey and optimize your healthcare savings.
