Additional pharmacy benefits/details			
Network (for specialty pharmacy information please refer to the guide to Rx benefits at CapitalBlueCross.com)	Broad Plus		
Formulary	Advantage		
\$0 preventive Rx coverage	No charge		
Generic substitution program	Mandatory generic substitution—In addition to the coinsurance/copayment, the member pays the difference between the brand drug and generic drug price (when there is a generic drug alternative) <u>regardless</u> of whether the prescribing physician requests that the brand drug be dispensed.		
Extended supply network (ESN)	Members have the ability to obtain covered drugs for up to a 90-day supply at in-network retail pharmacies.		

Deductibles, coinsurance and copayments under this program are separate from any deductibles, coinsurance and copayments required under any other health benefits coverage you may have.

*Certain preventive contraceptives are required to be covered at no cost to you when filled at an in-network pharmacy with a valid prescription in accordance with Preventive Health Guidelines.

In-network providers and pharmacies agree to accept our allowance as payment in full—often less than their normal charge. If you visit an out-of-network provider or pharmacy, you are responsible for paying the deductible, coinsurance and the difference between the out-of-network provider's or out-of-network pharmacy's charges and the allowed amount. Out-of-network providers may balance bill the member. Some out-of-network facility providers are not covered. Deductibles, any differences paid between brand drug and generic drug prices, and any balances paid to out-of-network pharmacies are not applied to the out-of-pocket maximum. In certain situations, a facility fee may be associated with an outpatient visit to a professional provider. Members should consult with the provider of the services to determine whether a facility fee may apply to that provider. An additional cost-sharing amount may apply to the facility fee.
